REF. Looking for
sponsorship a book

Dear Adm. Turner :

My name is Hector Fructuoso Navarro, 66
years-old, married, retired, U.S. citizen since June 1963.

STAT

I am seeking the sponsorship needed to
publish my book entitled "THE MULTINATIONAL DEMOCRACY";
which is a sincere effort to strenghten the Democracy :
System worldwide, designing a New Political and Ecnomical
order at an International level;

To pave the way for my ideals, I thought
the best way was to edit a book, a book that would reach
everyone explaining the evolution of a Modern Democracy -
without the restrictions of the outdated doctrines of the
OLD POLITICAL PARTIES and counteract marxist propaganda -
between the Countries of the Third World and the new Nations
having independence;

The book can be of great use to those
governments having Military Rejimes and who wish to return
the power to CIVILIAN people and have not found the appropriate way;

To this date, the only existing Democracies
are those of the United States, United Kingdom, France,
Italy, Japan, West Germany, Venezuela, Colombia, Mexico and
Canada; in the remaining countries, democracy does not
exist; for example, SPAIN, who has 220 legalized political
parties, only has a divided country and anarchy;

If the United States of America has
reached 201 years of Democratic Existence it is mainly
because of its TWO Traditional political parties and the
respect of the people for its Constitution;

A strong Democracy can carry progress to
Nations along with opportunities for all segments of society
and a true respect for Human Rights and Freedom of
expression;

The Multi-National Democracy replaces the
politicians with more capable men, technicians and experts
in the community using their best talents, the same way
that industries and commerce do it.

For a more detailed explanation I enclose
a presentation I made to the Ford Foundation, on August 12,
1977, to which they replied:

"We were pleased to consider your request, but regret that
"we cannot respond favorably, etc, etc"

I hope your understanding and help can
make a reality these ideals in benefit of future generations

I await your favorable response. Thank you.
Yours truly.
